PROFESSIONAL EXPERIENCE

Software Engineer Intern

DevLabs Technology, Noida, Uttar Pradesh

May 2026 – Present

- Collaborated with developers to gather requirements, define feature specifications, and align technical implementation with product goals.
- Managed feature planning and sprint execution within a 4-member Agile team, ensuring timely delivery through effective cross-functional collaboration.
- Evaluated product workflows, identified opportunities for improvement, and contributed to decisions that enhanced usability and operational efficiency.
- Leveraged technical knowledge of backend systems and APIs to bridge communication between engineering teams and stakeholders, enabling informed product decisions.

Android Development Intern

DW Innovation Pvt. Ltd., Pune, Maharashtra

Dec 2025 – Feb 2026

- Assisted in product planning by gathering requirements, prioritizing feature roadmaps, and coordinating development efforts across the team.
- Mentored teammates during implementation, reviewed technical approaches, and facilitated collaboration to ensure consistent product delivery.
- Worked closely with stakeholders to refine product workflows, improve usability, and support the successful execution of mobile application features.

PRODUCT CASE STUDIES

mAadhaar – Product Improvement Case Study

- Evaluated the mAadhaar user journey to identify friction points in identity verification and profile management.
- Recommended product enhancements to improve usability, authentication, and overall user experience.

LEADERSHIP & VOLUNTEERING

National Service Scheme (NSS) Volunteer

VIT Bhopal University

Jan 2026 – Jan 2026

- Participated in a 7-day rural community service camp, contributing to educational, social, and awareness initiatives for underprivileged children.
- Designed and conducted interactive learning activities to improve children's engagement, confidence, and awareness of hygiene and healthy practices.
- Collaborated with 50+ volunteers in planning and executing community outreach activities, strengthening teamwork, leadership, and problem-solving skills in a real-world environment.
- Demonstrated adaptability and responsibility by actively participating in community living, task management, and outdoor activities that fostered resilience and self-reliance.

Core Member – Google Developer Group on Campus (GDGC)

VIT Bhopal University

Aug 2025 – Present

- Planned and executed technical events and hackathons by coordinating with cross-functional teams, mentors, and participants from ideation to execution.
- Managed Public Relations campaigns to increase event visibility, drive student participation, and strengthen community engagement across campus.
- Collaborated with organizers to streamline registrations, scheduling, and event operations, ensuring a seamless participant experience.
- Demonstrated leadership, stakeholder management, and effective communication while organizing large-scale technical initiatives.
